ITTECOP 2014 seminar

9:00am	Welcome
9:30am	Introduction and presentation of the seminar by Bruno Villalba, chair of the ITTECOP scientific board
9:40am	**"Infrastructure and Landscapes" session chaired by Pascal Marty, a member of the ITTECOP scientific board** • Multimodal transport centres and services. Delta 3 – Dourges (62), the Seine-Nord Europe Canal, Eterpigny-Barleux (80) Antoine Luginbühl (PASSEURS), Jérémy Pierra (PASSEURS) et Olivier Pollet (SEA) • The ecological and social future of zones – wastelands, housing and cultivated areas – surrounding the Grand Stade de Lille-Métropole. An analysis of planned LTI, urban operations and alternative solutions Joël Legrand (CEREMA) et Alain Leprêtre (Université Lille 1) • Evaluating the effects of integrated LTI on how the region functions and is viewed. Diachronic approaches, practical examples and objectivization methodologies Michel Deshais et Axelle de Gasperin (Université de Lorraine) • Nature on roadside – 2 Magali Paris (CRESSON) • EGIS/LAMETA – Ecosystem services
12:00pm	Lunch break
1:15pm	Poster session
2:00pm	**"Infrastructure and biodiversity" session, chaired by Eric Tabacchi, a member of the ITTECOP scientific board** • Those left behind as a result of the Huveaune Valley crossings: species dispersal, vernacular practices and the mediation of landscapes Marie Madeleine Ozdoba et Frédéric Pousin (ENSP Versailles) • LTI and landscape modelling as part of an ongoing appraisal of regional impacts Pascal Degenne (TETIS / Cirad) • The ecological transparency of infrastructure Anne Guerrero (RFF) et Rommain Sordello (MNHN) • Using landscape graphs to evaluate and mitigate the impacts of major transport infrastructure on species Xavier Girardet et Céline Clauzel (UMR ThéMA 6049 CNRS / Université de Franche-Comté)
3:20pm	Presentation of the LIFE project "ELIA-RTE: Creating green corridors under overhead lines" Simon de Voghel et Gérard Jadoul (Life ELIA)
4:20pm	Break
4:30pm	Final Round table (to be confirmed): chaired by Jean-François Sanchez, Head of the Transport Department, MEDDE Research Service
5:30pm	Seminar ends
